Subject: Pines Area of Investigation - Draft Feasibility Study Files

Good afternoon:

Thank you for the opportunity to meet with you at the Town Council meeting on February 6, 2013. As you requested, the draft Feasibility Study report is being made available to you by the potentially responsible parties. The FS report is draft and will be under review until after our next meeting. Because the document is draft and will likely change after our review we would appreciate your cooperation in limiting its distribution to council members. I look forward to our next meeting on March 6, 2013.

Thank you.

Matthew J. Ohl
